

ALEXA CUDE

PHOTOGRAPHY

Food Portfolio

Right: Sushi Shige - The Coast

Next to photography there is nothing I love more than food. Growing up in a family which always gathered around and celebrated meal time fostered an early love for the power of food. That love grew and evolved when I started working in restaurants as a server and bartender where I learned the importance of attention to detail which has stayed with me to this day whether I'm capturing food, cocktails or the people who make them
